93A661	5287804510	E85	AUSTIN ENERGY	\$34,509.00	Caldwell Chev	2WD UTILITY VEHICLE (TAHOE)	This unit will be used for mail delivery to various AE sites. A utility vehicle is ideal since there is a great deal of mail, and it needs to be protected from the weather. The current vehicle is totally worn out, and in the shop a good deal of the time. Note Ford Escape Hybrid is not currently available to order
95A745	5287804509	E85	AUSTIN ENERGY	\$34,509.00	Caldwell Chev	2WD UTILITY VEHICLE (TAHOE)	See Above, this vehicle will be also be assigned to mail delivery.
00A251	5287804514	E85	AUSTIN ENERGY	\$38,051.00	Caldwell Chev	Utility Vehicle, Mid-Size, 4WD (TAHOE)	Utility Vehicle, Mid-Size, 4WD - This unit is assigned to the AE Scurity Group. Traditionally utility vehicles have been used for this group, and actively patrol the various utility sites (i.e Kramer Lane, St. Elmo, the Electric Control Center, and the Power Plants). These vehicles acculutate a lot of miles, and the existing unit is worn out.
95A791	5287804566	LPG	AUSTIN ENERGY	\$31,375.00	Caldwell Chev	4WD 3/4ton Crew Cab longbed Pickup	4WD 3/4ton Crew Cab longbed Pickup - This vehicle will be assigned to our field survey, and locator crews. This truck will carry various digging tools, and etc. along with scopes and transits utilized in actual survey functions. The 4wd is required to access unimproved areas. The current vehicle has exceeded it useful life, and is unreliable.
00B237	5287804563	LPG	AUSTIN ENERGY	\$28,921.00	Caldwell Chev	3/4-TON 4WD PICKUP	3/4-TON 4WD PICKUP - This unit will be assigned to the AE Distribution South division
01B530	5287804561	LPG	AUSTIN ENERGY	\$28,921.00	Caldwell Chev	3/4-TON 4WD PICKUP	3/4-TON 4WD PICKUP - This unit will be assigned to the Inspectors / locators at the AE Kramer Lane facility

94B180	5287804565	LPG	AUSTIN ENERGY	\$28,698.00	Caldwell Chev	3/4-Ton 4wd Extended Cab Pickup	3/4-Ton 4wd Extended Cab Pickup - This vehicle will be assigned to Vehicle Scheduler responsible for Town Lake Center, Electric Control Center, and Revenue Measurement @ Rutherford Lane
ADD'L UNIT	5287804508	E85	AUSTIN ENERGY	\$34,509.00	Caldwell Chev	SUV, MID-SIZE	ADD'L FTE For Supervisor LANGEHENNIG/ APPROVED BY DUNCAN - This unit will be assigned to the two (2) downtown Chiller Plants, and will be used for transporting personnel and equipment. The equipment includes specialized metering tools, and etc. that require protection. Currently there is only one (1) vehicle assigned to the chiller plants, and an additional vehicle is required for the new supervisory position.
ADD'L UNIT	5287804511	E85	AUSTIN ENERGY	\$34,804.00	Caldwell Chev	FULL SIZE SUV, 4X2	NEW FTE'S - PEARSON/MELE - ADD SPOTLIGHT This vehicle will be utilized by our Power Delivery people on city streets, and on unimproved right-of-way. In many cases they carry specialized testing and locating equipment that needs to be transported in a dry, secure, and dust free environment. A smaller utility vehicle does not have the interior space required, and a pickup truck is unsuitable.
ADD'L UNIT	5287804512	E85	AUSTIN ENERGY	\$34,804.00	Caldwell Chev	FULL SIZE SUV, 4X2	NEW FTE'S - PEARSON/MELE - ADD SPOTLIGHT See above. This unit will be entering the same workgroup
ADD'L UNIT	5287804562	LPG	AUSTIN ENERGY	\$28,921.00	Caldwell Chev	3/4 Ton 4WD Pickup	Unit will be utilized by a new supervisor in the streetlighting division. The unit will carry materials and tools as required, and could be operating anywhere in the system on any given day. This means operation in all types of weather conditions, and terrain. We need the all wheel drive capability in order to deliver reliable services.
ADD'L UNIT	5287804564	LPG	AUSTIN ENERGY	\$28,921.00	Caldwell Chev	3/4-TON 4WD PICKUP	Backup vehicle for transportation to various sites. The pickup will be assigned to the Austin Energy Overhead Transmission section of Power Delivery. This being the case, they could be operating anywhere in the system on any given day. This means they operate in all types of weather conditions, and terrain including on road, off road, right of way, and etc. Again, we need the all wheel drive capability in order to deliver reliable services.
ADD'L UNIT	5287804578	E85	AUSTIN ENERGY	\$34,509.00	Caldwell Chev	SUV, Mid Size	New FTE in Residential Conservation Group - This vehicle will be utilized to a large extent to perform energy audits, and etc. in residences, and businesses. Various tools, test equipment, and materials will transported inside the vehicle. Much of the tools, and test equipment need to be protected from the elements.
